

DUBROBOT ABLETON TACTILE RACK

SUBPAC OPTIMIZED™ PRODUCTION TOOLS

DUBROBOT has created an exclusive SUBPAC dub rack for music producers using Ableton live. This rack includes custom dub samples inside of a sampler rack for cool soundscapes and one sound effects.

Directions:

- Unzip file
- Place folder on computer with Ableton Live 9.6.1 (or higher w/Sampler Inst)
- Double click on als file and Ableton launches the session
- View rack in session
- Save rack in user folder
